DAM DAYS ROYALTY — Selected to reign over the Williamsport Festival are the queen and pre-teen queen and their attendants. From the left in the back row are: Becky Wolford, first runner up; Peggy Sue Riffle, queen; Dee Ann Hott, second runner-up. In the front row are junior queens, Barbara Jean Seyfang, first runner-up; Candace Newsome, queen, and Kathleen Tarbill, second runner-up.

The Dam Days Festival began Thursday evening at Williamsport with good weather, a good parade, good crowd and keen competition for the queen and junior queen contest, as 31 young ladies vied for the titles.

Receiving the nod from the judges, Peggy Sue Riffle was selected as queen for her appearance, poise, personality and most of all for community activities. She is the 14 year old daughter of Mr. and Mrs. Ned Riffle, Route 2, Circleville.

Named as the junior queen was Candace Newsome, the 10 year old daughter of the Rev. and Mrs. Leroy Newsome of Williamsport.

First runner up in the queen contest was Becky Wolford, age 16, daughter of Mr. and Mrs. Charles F. Hull, 540 Greenacre Court, Circleville. Dee Ann Hott of Route 1, New Holland was second runner-up. The 13 year old Miss is the daughter of Mr. and Mrs. Wendell Hott.

In the junior queen division, Barbara Jean Seyfang, daughter of Mr. and Mrs. Raymond Seyfang of Ashville, was the 11 year old runner-up. The second runner-up was nine year old Kathleen Tarbill, daughter of Mr. and Mrs. Michael Tarbill of Williamsport.

Emcee for the opening evening of the four day event was Mrs. William (Eileen) Easterday, who each year

puts the show together and makes it successful.

Following the parade of queens with bands from Logan Elm and Hamilton Twp. Junior High Schools, drill teams from Circleville, Grove City and Derby, a Pickaway County Deputy Sheriff and Williamsport police, and representatives from the Williamsport Fire Department, the judging took place on the sand in front of the pavilion.

The invocation was given by the Rev. Leroy Newsome of Williamsport, the color guard leading in the Pledge of Allegiance to the Flag of the United States of America was from the Williamsport American Legion Post and Mayor Paul Long welcomed the people to the festival. Clark Hunsicker III accompanied the crowd with his guitar as they sang "America The Beautiful."

Judges for the queens were Mike Molloy and Marion Sines of Circleville, and Marvin Turner of Chillicothe. The little Prince and Princess parade and contest followed with music by McGuffy Lane Country Rock are scheduled tonight.

Many events are scheduled for Saturday and Sunday including a bicentennial parade, hog calling contest, antique car show, professional wrestling, drill team competition and special acts among other things, along with rides, food booths and games.

Humphrey Remains On Demo Sidelines

WASHINGTON (AP) — Hubert H. Humphrey, who three times sought the presidency, says he will stay on the sidelines this election year unless his candidacy is demanded by a deadlocked Democratic convention this summer.

After two days of conferring with supporters who pleaded with him to enter the last round of primaries before the party's July convention, Humphrey tearfully announced Thursday that a fourth run for the

presidency was just not in the cards.

"The one thing I don't need at this stage in my life is to be ridiculous," the Minnesota senator said, obviously agreeing with those who were advising him that a fourth unsuccessful try for the White House would classify him as a perpetual candidate.

But many long-time Humphrey supporters had urged him to actively enter the race, seeing him as the only way to stop the campaign of former Georgia Gov. Jimmy Carter, who trounced all other rivals in the Pennsylvania primary on Tuesday.

Carter said he had "mixed emotions" about Humphrey's decision, that having Humphrey in the race would have made for a clearer choice for the convention delegates and the primary voters.

Two other Democratic candidates, Rep. Morris Udall of Arizona and Sen. Henry M. Jackson of Washington, said Humphrey's decision would help their campaigns.

Humphrey's backers urged him to enter the June 8 New Jersey primary, the last state balloting before the Democratic convention. At a minimum, they pleaded with him to approve formation of a campaign committee that could line up delegate support and solicit funds.

But the 64-year-old "Happy Warrior" met newsmen in the Old Senate Office Building's caucus room to say of his party's nomination, "I'm not aspiring. I shall not seek it, shall not compete for it, shall not search for it, shall not scramble for it."

Then the man who had so often sought the presidency, who finally had won his party's nomination in 1968 only to lose the White House to Richard M. Nixon, who had served as Lyndon B. Johnson's vice president, added:

"But I'm around."

He said he does not think any of the announced candidates will be able to win his party's nomination on the first ballot and said he will "take a good hard look" at the situation after the primaries.

But he said, "I shall not enter the New Jersey primary, nor shall I authorize any committee or committees to solicit funds or work in my behalf."

He said his intention now is to seek re-election to his Senate seat.

Shortly after Humphrey made his announcement, New Jersey Gov. Brendan Byrne endorsed Carter and urged the nation's 36 other Democratic governors to rally behind Carter for national party unity.

Hughes Will Genuine

LAS VEGAS, Nev. (AP) — Three scrawled pages of instructions that leave \$125 million each to the Mormon Church and a 31-year-old Utah gas station owner who says he once loaned Howard Hughes a quarter, will be probated as the will of the late billionaire.

"It's just legal procedure from now on," said Noah Dietrich, 87, the former top Hughes aide named in the faded document as executor.

"I have no question that it's his handwriting and his signature," Dietrich said Thursday in Los Angeles. "It was brought to me this afternoon, using the copying method over the telephone, and I no longer have any question about it."

Dietrich earlier had expressed doubt about the validity of the document turned over to a court here because of numerous spelling errors, but he later changed his mind.

A tattered envelope containing the crudely written instructions was given to Clark County Clerk Loretta Bowman earlier Thursday by Wilford W. Kirton Jr., legal counsel for the Church of Jesus Christ of Latter-day Saints (Mormon). Kirton said it had been found Tuesday at the church's headquarters in Salt Lake City. He said a handwriting expert consulted by Mormon officials said the document seemed authentic.

However, officials at Summa Corp., parent company for Hughes' vast holdings, said they doubted the will had been drawn by Hughes and a court fight over its authenticity seemed probable.

The judge here who will decide

whether the document is the last will of the eccentric billionaire said Dietrich would have to prove its validity.

"Since Dietrich has been named executor, it would be up to him to submit proof that this will was indeed the last will and testament of Howard Hughes, that it was properly signed by Howard Hughes and that Howard Hughes was mentally capable of

executing a will at the time it was signed," said Chief Judge Keith Hayes of the 8th Judicial District Court.

Hayes declined to say specifically what he would accept as proof of the will's validity but commented, "Someone would have to prove that this will was written by Howard Hughes and that it is legally binding. I would say that someone would have to

have been familiar with Mr. Hughes or (be) some kind of an expert, such as a handwriting analyst."

If declared valid, the will would leave one fourth of Hughes' fortune, estimated at up to \$2.5 billion, to the Hughes Medical Institute in Miami.

Several of Hughes associates have said they expected him to leave much

Roundtown Players Present 'The Diary Of Anne Frank'

SAVE THE BREAD — Members of the Jewish families hiding above Mr. Frank's factory try to get Mr. Van Daan to give back the bread he was stealing. Cast members shown left to right are Julie Smith, Sid Ayers, Kathleen Higgins, Dennis Hollis, Diane Berger, Helen Blum, Ed Herel, and Jeff

McKay. The final production of the Roundtown Players' season, "The Diary of Anne Frank" premiered Thursday night. It will run tonight and Saturday and May 7 and 8. Tickets can be reserved by phoning 474-5856 between 10 a.m. and 6 p.m.

"Absolutely fabulous" is the only term applicable to the current Roundtown Players production, "The Diary of Anne Frank." This reviewer for one had mixed feelings about the play when it was first announced but by the second scene, all doubts had dissipated.

The only disappointment was the small audience which turned out for the opening night. After all the hard work this group has put into such a play, it seems a shame that so few come out to enjoy it. There is still hope; "Anne Frank" will be staged again tonight, Saturday night and May 7 and 8.

As if by magic, the players take you back to the war-torn years and all the fear, prayers, and hopes of the persecuted Jewish people are there in front of you. It's not just a paragraph on the program, it's real and the tension near the end of the play can be cut with a knife.

Diane Berger, as area residents who have seen her performances before will expect, has come through again with perhaps her most memorable

role. Diane does not play a role, she is the person she plays. As Mrs. Frank in this production, she holds the action together. In the most dramatic scenes, she is the pivot point from which all else revolves. Diane Berger, is without doubt, wasted on a small town stage, she should be on Broadway.

A youngster to the Roundtown stage, 14-year-old Kathleen Higgins shows a promising future. In the title role, Kathleen is perfect for the part. It is rare that a teenager has the insight and ability that this one has. Through Kathleen's performance, the audience sees a bit of intelligent direction as well as a magnitude of talent.

This production was, by the way, directed by Rene Saxton and Frank McKay.

Another of my favorites is Ed Herel who plays Mr. Van Daan. This is Herel's ninth appearance on the Roundtown stage but he has been instrumental in the staging of many more.

Sid Ayers, plays a magnificent Mr. Frank. I had never seen Ayers in action but was pleasantly surprised at his ability. Some of his past experience

comes from the local play "The Crucible" and the production of "Backwood's Genesis."

A review would not be complete without mention of Helen Blum who played the selfish and temperamental Mrs. Van Daan.

A late comer to the families hiding above the factory in Amsterdam was Mr. Dussel played beautifully by Dennis Hollis. Again, the direction is perfect as the interpretation of the role is seen in a little different light.

Completing the hiding families are two remarkable youngsters, Julie Smith as Margot and Jeff McKay as Peter. Jeff was seen in the players last production, "Applesauce" and Julie is a regular talent feature at Circleville Junior High School. Jeff is a student at Logan Elm High School.

Barbara Alkire and Bill McIntyre have small parts as the patrons who keep the Jews' secret hiding place and look after their needs. Their performances complete the staging of one of the most dramatic scenes in the history of theatre. And... the most tragic thing about this human drama is that it's true.

Blast Hits Russian Embassy

TOKYO (AP) — A Chinese Foreign Ministry official said the explosion at the entrance to the Soviet Embassy in Peking is under investigation, Japan's Kyodo news service reported today. But none of the reports from the Chinese capital gave any explanation of the blast.

Tass, the official Soviet news agency, said the explosion Thursday killed two Chinese guards. Tanjug, the Yugoslav news agency, said the guards were blown into the air and badly injured.

Neither Hsinhua, the official Chinese news agency, nor Peking Radio mentioned the blast.

Tanjug said the cause of the explosion was not clear. The two-paragraph Tass dispatch did not say how it occurred.

Tass said the blast went off at the Embassy's gates and "the embassy building suffered damage. It was only by chance that there were no casualties among embassy staff."

"A protest was lodged with the Chinese authorities in connection with the incident," it added.

Kyodo said Soviet sources in Peking would give no more details about the explosion. It said the Embassy area was quiet this morning with four Chinese soldiers on guard duty.

Windows of the information booth at the gate were broken and a board was nailed over them, the Japanese report said. Broken glass was piled nearby, and the stone pavement was blackened at the gate.

CCI Escapees Elude Search

Law officers from Pickaway, Ross, and Fayette Counties failed to apprehend two men who escaped from the Chillicothe Correctional Institute Thursday afternoon.

The search has been expanded to include all counties in the state.

The men, merit prisoners at CCI, apparently overpowered guard Charles Horn, leaving him bound in a state vehicle on Veteran's Administration Hospital property near the correctional center.

The prisoners are Robert J. King, 43, who was committed to CCI in 1972 on a 10-25 year sentence for armed robbery, and John Trivette, 49, who was committed in 1970 on a 10 to 25 year sentence for armed robbery.

King is described as 5-feet, 10-inches tall and 198 pounds with a ruby complexion. Trivette, 5-feet, 8-inches tall, weighs 149 pounds.

Assembly OKs Utility Formula

COLUMBUS, Ohio (AP) — Ohio's legislature has adjourned for a five-week spring recess after a burst of speed Thursday that sent nearly four dozen bills to Gov. James A. Rhodes.

The major item was a long debated bill to revise Ohio's utility rate making formula and assertedly give utility customers a better break in future applications for rate increases.

Final approval came as the House voted 80-13 and the Senate 33-0 to accept the report of a joint conference committee that worked on the legislation the past two weeks.

As expected, the Senate added its approval 28-3 to a House approved measure designed to give homeowners protection against inflation-caused property tax increases of the future. However, the two chambers clashed over significant details.

It was sent to a Senate-House committee which will try to work out differences before the lawmakers return June 3 for a three day cleanup session.

Several other matters sidetracked this week also are expected to be considered after the spring break, designed in part to give legislators up for re-election a chance to campaign for the June 8 primary.

Among those are measures requiring full financial disclosure by lobbyists, and revamping tenure policy for the state's estimated 125,000 public school teachers. The latter

measure was placed in a conference committee since earlier this week, but the conferees failed to report back an agreement.

Approved and forwarded to Rhodes during Thursday's day long session were major bills that increase benefits for members of the state's five big public retirement systems, and boost Ohio's minimum wage for nonagricultural workers from \$1.60 currently to \$2.30 by Jan. 1, 1978.

Others which emerged before 9 p.m. adjournment gave Ohio's mentally ill

patients a "bill of rights" — same as those adopted two years ago for the mentally retarded — and, with the sale of surplus lands and other means, provide funds to bring state institution standards up to prescribed national levels within three years.

Aside from the utility bill, several other measures emerged from the legislature after being billed as pro-consumer since the legislature convened in January.

One of those requires prices to be placed on food items in grocery stores doing \$1 million or more a year in business volume. It was introduced following the advent of computerized unit pricing in Ohio, which uses specially coded markings for each cash register.

After languishing in the legislature more than a year, the lawmakers completed passage of a measure permitting the operation of self service gasoline stations. They reportedly will offer savings of up to four cents a gallon.

Final approval also came after lengthy deliberations to a bill that requires the designation of non-smoking areas in places of public assembly — except for restaurants and liquor spots. Representatives completed passage of the Senate measure after shouting down an amendment that would have outlawed smoking by legislators themselves when in session.

Veterans Questions Answered

EDITOR'S NOTE: Each week the Circleville Herald will publish a series of Questions and Answers of interest to veterans. These questions and answers are some of the many presented to James P. Shea, Pickaway County Veterans Service Officer. Any veteran desiring further information concerning his Veterans Administration benefits should contact the Veterans Service Officer at the new location, 219 South Court Street.

(Q.) Can any veteran on a non-service connected pension have his medication paid for by the Veterans Administration?

(A.) No. Only the service connected veteran, and the veteran on aid and attendance can have his medication paid for by the VA, and then only if his income does not go over the income limitations by \$500.

(Q.) Can a widow qualify for a GI Home Loan?

(A.) Yes. If she has not remarried and her husband died of a service connected disability.

(Q.) Can a veteran use his loan benefits to buy more than one home?

(A.) Yes. Once the debt has been paid on the loan that the Veterans Administration has guaranteed the veteran is then again eligible for another VA loan.

(Q.) Are there six Veterans Administration Hospitals in the State of Ohio?

(A.) No. There are five. Two in Cleveland, and one in Dayton, Chillicothe and Cincinnati.

(Q.) When a veteran's widow died recently, she had in her possession a death pension check from the Veterans Administration. Is this check payable to anyone?

(A.) No. The check must be returned to the disbursing office which issued it. It may then be reissued upon submission of claim to the nearest VA office, to any children entitled to VA death benefits. In the event there are no eligible children, the check may be made payable to the person or persons who bore expense of the last illness or burial.

Shock Probation Loophole Closed

COLUMBUS, Ohio (AP) — A loophole in the Ohio Criminal Code which theoretically allowed murderers to be put on shock probation after only a few days in jail was closed Thursday by the General Assembly.

The House and Senate completed final action on a bill putting restrictions on shock probation in murder cases and crimes involving firearms. The bill now goes to Gov. James A. Rhodes.

The legislation was prompted by an Ohio Supreme Court ruling earlier this year that the statutory restrictions on regular probation and parole did not cover shock probation.

Plant For All Ills

Confirming expectations that exotic answers to some of man's most pressing problems may lie ahead is the story of the National Aeronautics and Space Administration and the water hyacinth. What could a plant possibly have to do with energy and fertilizer shortages, or the problem of waste disposal?

Quite a bit, NASA has discovered. To begin with, in an actual experiment, the space agency has found the water hyacinth is a very effective water cleanser—even when large volumes of pollutants are added to the

water.

A 40-acre sewage lagoon containing wastes from 6,000 households was effectively cleaned simply by planting hyacinths. In a smaller experiment, the plant was found capable of cleaning water on seven-tenths of an acre which was the repository of a sewage flow of up to 500,000 gallons a day.

So effectively did the hyacinths consume the wastes that the plant multiplied to the point of becoming a burden. Then it was discovered that the plant, dried and ground, could be made into a cattle

feed rich in protein and minerals.

Those plants which have been used to clean chemical wastes from water cannot be used for feed, but in laboratories they have been found to be an excellent source of methane gas. It is calculated that an acre of water hyacinths could produce two million cubic feet of gas, with the plant residue from that same acre producing half a ton of fertilizer a day.

Not a bad start for a plant which until recently was considered little more than a nuisance.

Business World

By JOHN CUNNEIFF
AP Business Analyst

NEW YORK (AP) — James Needham, hired from the Securities and Exchange Commission in 1972 as a problem solver, is being replaced as New York Stock Exchange chairman by William Batten, the merchandiser.

Batten's job is to sell the exchange to investors, regulators and even to its own members as a unique enterprise, a quality auction place that should occupy a central role in the nation's changing securities market.

If he fails, it could mark the demise of the exchange as it now exists.

Sources close to the situation give this as one interpretation of the leadership change at the Big Board, in which Needham, 49, leaves with close to two years remaining on his five-year contract.

There were other considerations too, including Needham's frustrations in dealing with the still powerful "club members," many of them specialists, who are said to fight change in order to preserve privilege, including huge incomes.

The big problem ahead is the formidable one of fitting the exchange into the currently amorphous concept of one central market place, in which an order placed through one exchange

is to be the best price available on any exchange.

Needham solved many operational problems, and some say he saved the exchange. He strengthened the board. He made changes that enabled the exchange to handle three times the volume that had almost destroyed it in 1968.

But now, it is said, the exchange's existence remains at stake. If it cannot demonstrate that it is a unique, necessary institution it is in danger of being so regulated, mechanized and merged that it might lose all identity.

In choosing Batten to demonstrate and merchandise its qualities, the chief one being that it remains the biggest auction market for stocks in the entire world, the board of governors followed a precedent.

Years ago, when Batten, now close to 67, was a high-ranking officer of the J. C. Penney retail chain, he was charged with determining the best direction for the company to take.

Batten's recommendations for product mix, store locations and the like were accepted by the Penney board and then, said Batten in an interview several months ago, "I was assigned to carry out the recom-

mendations." He was named chairman.

During much of the past two years Batten was on another such assignment, this time for the exchange. A director, he was appointed by Needham to study and make recommendations concerning stock specialists, powerful, privileged, controversial floor traders.

Many critics believed the specialists, who are charged with maintaining an orderly flow of buy and sell orders, should be replaced by a computer, facetiously referred to as a "black box."

The specialist often must use his own funds to buy or sell against the trend of prices in his assigned stocks if necessary to maintain a smooth market, that is, one free from wide price spreads between trades.

It is a prized spot, sometimes with a high six-figure income. It is a job with conflict built in. It is one in which subjective judgment is used. But it is a job the exchange says is essential to an orderly auction market.

Batten said in his study that the specialist was necessary, that the black box wouldn't work. But the study suggested the specialists' conduct be more effectively policed, and urged that allocation of stocks be used to discipline them.

Now Batten has the job of carrying out this and other recommendations. He must establish that the exchange offers the public the very best prices by bringing together in one place the largest number of stocks in open trading.

Some brokers and regulators aren't so certain the specialists should stand in the middle of all this, picking up commissions. They feel that specialists and other floor traders — those who hold "seats," that is, as opposed to brokers in offices — carry too much voting power.

The critics wonder if it wouldn't be better to continue stripping the exchange, and especially floor members, of their exclusive and often restrictive powers, turning more of the work over to machines.

Supporters of the specialist, Batten among them, contend that the myriad individual decisions made by the specialist cannot be programmed into a computer. Better to police and severely discipline the specialist instead.

If the issue cannot be resolved, some brokers are in favor of dealer markets, in which the brokers themselves would buy and sell stocks from their own portfolios, setting their own prices in competition with other brokers.

Rather than being a physical entity, that type of market would be a system of wires, electronic impulses, codes and the like. It would replace exchange floors with scores of brokers interacting face to face.

Batten's job is to save the New York Stock Exchange.

LCI Shooting Incidents Probed

LEBANON, Ohio (AP) — Officials at the Lebanon Correctional Institute (LCI) reported a second shooting by motorists driving past the prison, this one narrowly missing the assistant farm manager.

Supt. William H. Dallman said a shot fired from a passing station wagon went through the heavy winter coat of Floyd Westall but did not hit him.

Westall and an inmate were watering cattle at the time.

Dallman said a shotgun was fired against the outer wall of the prison six weeks ago. Both incidents involved autos traveling on Ohio 63 past LCI, Dallman said.

The Indians in the early frontier days of Ohio were never as numerous as many supposed, perhaps as many as 15,000 of which only 3,000 might have been fighting braves. But their guerrilla type of warfare kept the frontier in a turmoil for many decades.

Speaking Of Your Health

by Lester L. Coleman, M.D.

Whenever I have a drink of brandy my heart pounds away like a trip-hammer. I don't understand it because they say brandy is good for the heart.

Mr. J. M., N.Y.

Dear Mr. M.:
Your "trip-hammer" description sounds like an accurate portrait of a condition known as "paroxysmal tachycardia."

symptoms, but they may have a predisposition to this condition. It is for this reason that people with a family background of diabetes should be under the guidance of a physician. When diabetes is recognized in its very early stages the hope for the control of this disorder is at its maximum.

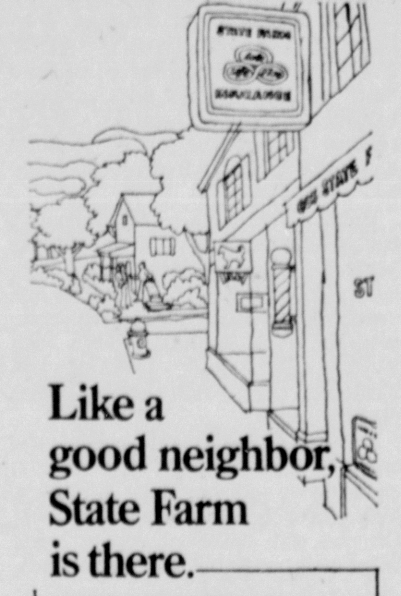

All this means is a sudden attack of a rapid heartbeat. Everyone who has experienced this understands the sense of terror that accompanies it.

Many people will have a sudden attack of palpitation following the use of any alcohol. Some people are particularly prone to this experience after drinking brandy because of the special ingredients it apparently contains.

Tobacco and some drugs can induce the same thing. Often, tobacco and alcohol in combination may be responsible.

Once you have learned that you have a particular sensitivity to brandy it might be wise to simply avoid its use.

Tachycardia due to emotional stress and other causes should be traced to its exact source. Then the physician can prescribe the drugs that are now available to prevent an episode and to reduce its severity and duration when it does occur.

Senior Citizens Programs Flourish

COLUMBUS, Ohio (AP) — State programs to help Ohio's senior citizens have a long way to go, but the director of the Ohio Commission on Aging says he is gratified by the "breadth of involvement" among Ohioans generally.

Martin A. Janis said this week in his annual report to the legislature that the programs thus far have reached only a relatively small percentage of the estimated 1.5 million Ohioans 60 and older.

"One of our legislative goals is to seek a more equitable funding mechanism by the state so that we might serve more than the limited number of senior citizens now being reached," Janis said.

In two major areas covered by the 1975 commission report, social services and nutrition, those receiving help totaled only slightly more than 10 per cent of the elderly population.

Actual figures were 138,000 for those receiving social services such as transportation, hearing testing, health services, shopping assistance, and counselling, while the total for nutritional programs was 40,000. The latter, under Title VII of the Older Americans Act, provided a hot noon meal five days a week for senior citizens who fail to get a proper diet because of the lack of funds.

More BMV Shortages Reported

ELYRIA, Ohio (AP) — The head of the Bureau of Motor Vehicles has given a former Portage County deputy registrar until May 1 to repay shortages in his accounts.

Curtis Andrews, the BMV chief, said Wednesday that examiners found shortages of \$69,491 in the 1974 accounts of Jack Stamper and his wife of Streetsboro. Andrews added that shortages of \$284,790 were traced to improper reporting and depositing of state funds while Stamper operated the license bureau in 1975.

Stamper said the amount of the shortages reported was "so far out of proportion, is so much, it is ridiculous."

Meanwhile, the Elyria Chronicle-Telegram in a copyrighted story Wednesday said another shortage has been found in the operational accounts of the former registrar for Trotwood, a Dayton suburb.

The newspaper says that the Ohio attorney general's office has confirmed that the Trotwood accounts of former deputy registrar Kenneth Baker were short a total of \$31,470 for 1973 and 1974 but that his recent payment reduced the amount to slightly more than \$23,000.

The publication says that more than \$1.2 million in shortages have been uncovered in the license fund of BMV.

So far the former Elyria deputy registrar Anthony J. Marsico has been convicted for theft in office of \$320,000. Marsico is serving a prison sentence.

Charges have been filed against former Lebanon deputy registrar John M. Keller in connection with a \$78,000 shortage there.

Red Meat Output Rises

WASHINGTON (AP) — Total red meat production by the nation's slaughter plants rose to nearly 9.7 billion pounds in the first three months of this year, up 6 per cent from the first quarter of 1975, according to the Agriculture Department.

The increase was led by beef, up 11 per cent to a total of almost 6.5 billion pounds in the first quarter. Pork output, down because of cutbacks in hog production the past year or two, declined 5 per cent to less than 2.9 billion pounds.

Veal output, reflecting the campaign by producers to thin out herds by selling calves, rose to 206 million pounds in the first three months of 1976, a 25 per cent increase from a year earlier, according to the department's Crop Reporting Board. Lamb and mutton continued a long term decline and totaled 95 million pounds during January-March, down 6 per cent from a year earlier.

Janis said that while the number of senior citizens reached in the nutritional program is limited, it still is one of the best in the nation so far. He said expansions of that program will begin next January in Clark, Lorain, and Trumbull counties.

In other areas, the commission points to accomplishments which include expansion in the number of regional agencies, participation by 35,000 older people last year in senior programs at the Ohio State Fair, production of the 26-week educational television series "On Aging", which continues to originate at WOSU-TV, Columbus—and is carried on 11 other stations—the state wide ombudsman program designed to help senior citizens with consumer complaints and problems along with other information

and referral services.

In other areas, senior citizens in Ohio cities were permitted to travel on mass transit systems at half fare, as a result of a \$2 million appropriation by the legislature, which, Janis said, enacted more laws to benefit senior citizens this session than ever before.

Enactments included those which extended the filing deadline and adjusted income levels for the homestead property tax exemption, authorized counties and townships to contribute money to senior citizen programs allowed the use of school facilities for senior citizen nutrition programs, prohibited wage discrimination on the basis of age, and created a nursing home commission to investigate conditions in Ohio's more than 1,000 nursing homes.

Innocent Pleas Entered To Theft

LEBANON, Ohio (AP) — Former deputy auto registrar John Keller and two former employees pleaded innocent Thursday to charges of theft in office in connection with a \$78,000 shortage in funds from Keller's 1974 operation.

The others charged and pleading innocent in Warren County Common Pleas Court were Sidney Sue Newton Thayer, 25, and Beth Back, 25.

Keller, 41, also is charged with unauthorized use of state funds and delinquency in duty. Mrs. Thayer also is charged with destruction of evidence and tampering with state records. Both pleaded innocent to the additional charges.

The population of the United States reached 200 million in 1967.

'So Proudly We Hail' Kiwanis Club Program For Monday Club

Mrs. E. Miller Hundley, First Vice-President, opened the Monday Club Guest Night meeting by welcoming guests, which included members of the Historical Society, individual guests of Monday Club members, and State and District officers of the Federation of Woman's Clubs. The latter included Mrs. Sterling Poling, state secretary, from Spangler Road, Circleville, Miss June Gregg, president of the Central Ohio River District, from Bainbridge, and Mrs. Kenneth Brenner, secretary of the Central Ohio River District, from Bainbridge.

The Circleville Kiwanis, skillfully and interestingly, gave the history and meaning of the American Flag from its questionable origin to the present time. "So Proudly We Hail" was created by members of the local club. The flags and standards used in the program were made by the members, who, also, composed and directed the background music.

Presenting the program were Jim Shea, narrator and director; Bob Wilson, Bob Schneider, Dave Gillespie, Sam McIlvaine, Norm Vinyard, Dick Davis, Charles Ried, Marty Sharrett, and Sgt. William Bradshaw. Sound technicians were Gene Dowler and Rick Norris. Terry Strawser, daughter

of Don Strawser, displayed each new flag in historical sequence.

AMERICAN GREEN -OR- EMERALDS IN AMERICA

The emerald is a beautiful and apt stone for the month of May. Its lovely cool green color and interior "garden" patterns created by inclusions remind one of the fresh spring day.

In 1882 Dr. George F. Kunz, a noted American mineral expert, predicted that Hiddenite, North Carolina, would become the finest source of emeralds in the United States. In 1970 a rockhound named Wayne Anthony discovered a 50 carat emerald which was cut to 13.14 carats, the largest and finest cut emerald found in North America. Although emeralds were discovered in the Hiddenite area as early as 1875, this 13 carat stone holds the record to date.

Three other excellent examples of domestic emeralds are included in the collection at the Smithsonian Institution in Washington, D. C. They range from 4.5 carats to 10.6 carats.

Emerald is a very valuable gem. However, those of you who seek the garden gem's beauty but do not wish to pay a large sum may be satisfied with a synthetic. This is one stone that has been successfully reproduced in recent years. Carroll Chatham of San Francisco holds the key to one of these successful processes. Pierre Gilson, a French chemist, is the originator of another fine synthetic.

We at L.M. Butch Co. can explain more about emeralds and their synthetic counterparts. We might even have examples of both types to show you. We're always happy to answer questions.

Gospel Echoes To Observe Fourth Anniversary Saturday

GOSPEL ECHOES — Members of the Gospel Echoes are, from the left, front row, Darrell Angles, Hamden, drummer; Bernadetta Diehl, Ashville, singer; Tom Moore, Oak Hill, electric piano and singer; back row, Elba Heilman, Wellston, bass guitar and singer; Larry Diehl, Ashville, steel guitar.

The Gospel Echoes, a young gospel singing group with members from Ashville, Hamden, Oak Hill and Wellston, is observing its fourth anniversary Saturday with a special concert at Morris United Methodist Church beginning at 7:30 p.m. The group began singing April 28, 1972 at Morris Chapel.

The Gospel Echoes have been traveling over the tri-state area for the past four years singing at various fairs, festivals, concerts, homecomings, revivals, youth rallies, camp meetings, coffee houses and song fests.

Members of the original Echoes were Tom Moore, Ironton; Joan (Smith) Hager, Vicki (Green) Stewart, and Bernadetta (Heilman) Diehl, all of Wellston.

Elba Heilman began playing bass guitar for the group in July, 1972. The Echoes recorded their first album, "Something Worth Living For," in Cincinnati in 1973.

Larry Diehl, Ashville, began playing steel guitar for the Echoes in February, 1974 and Don Rollins joined them as a drummer for the period from July 1974 to July, 1975.

The group has released its second album, "Jesus Gave A New Song," on Jan. 3, 1976. Written by Tom Moore, the album was recorded in Hendersonville, Tenn.

Vandals Break Antennas

Vandals destroyed at least seven radio antennas on vehicles parked on S. Scioto St. last night, Circleville Police said.

However, many of the incidents went unreported, according to Police Sgt. Jim Francis.

Persons reporting damaged antennas were Joe Lowery, 229 S. Scioto St., and Lloyd Hettinger, 423 S. Scioto St., who each had two antennas destroyed; George Johnson, 403 S. Scioto St.; Gary Leisey, 312 S. Scioto St.; and Gary Phifer, 407 S. Scioto St.

Thieves escaped with about \$200 worth of tools from the Duds & Suds Laundry, 138 E. Franklin St.

Laundry manager Richard Smith told police that the thieves entered the building by knocking out an air vent in the wall to the furnace room.

Bruce A. Yoe, 460 N. Pickaway St., told police that his house was broken into Thursday night. However, nothing appeared to have been taken.

The intruders broke wood around a door lock to gain entry.

John Rittenhouse, 461 Dearborn Ave., told police that a small pocketbook containing \$100 in cash was either lost or stolen.

County Gets ADC Money

Pickaway County received \$75,705 in Aid to Dependent Children allocations for May, according to State Auditor Thomas E. Ferguson.

The funds will be divided among 1,222 county residents.

A total of \$35,328,597 was distributed to 573,735 Ohioans, he said.

The amount does not include the weekly ADC auxiliary payments which will be made primarily to new recipients throughout the month.

The auxiliary payments in April totaling \$1,774,337, coupled with the main April distribution of \$35,558,447, boosted the April total to \$37,332,784.

Ferguson added that the ADC distribution does not reflect food stamp allowances to the recipients. The state welfare department distributes food stamps, and ADC payments to those recipients choosing to receive stamps are reduced accordingly.

Ferguson noted that the main May distribution went to 3,519 fewer recipients than the one in April and fell by \$229,850 from the one last month.

ADC payments are made to families with one parent or one unemployed parent on the basis of family size and financial resources. The ADC program is funded primarily by federal and state governments.

Grain Sale Shows Market Forces

WASHINGTON (AP) — The new grain sales to the Soviet Union announced this week illustrate once again that the big "international shipping companies" continue to dominate the trade and that farmer-owned cooperatives are having a hard time cracking the market.

Of the 3.4 million metric tons of corn and wheat announced as new sales over a span of a few hours on Wednesday, all of it was handled by the "big three" of Continental Grain Co., New York; Cook Industries, Memphis, Tenn.; and Cargill, Inc., Minneapolis, Minn.

Those three companies, which have vast networks of market contacts and experts throughout the world, also have dominated grain sales to the Soviet Union — and most other foreign markets — since the current huge surge of U.S. exports began four years ago.

New grain sales were announced on Thursday but USDA officials declined to name the firm involved.

Including several other of the international companies such as Bunge Corp., New York, and the Louis Dreyfus Corp., also based in New York, the handful of firms handle about 80 per cent of U.S. grain exports, according to a recent analysis by the Agriculture Department.

Co-ops, by comparison, handle about 40 per cent of the grain moving from farms where it is produced to "country elevator" warehouses where it is later relayed to central terminals. Eventually, most of the grain initially handled by co-ops is sold to the big international companies, which then export it.

The USDA study showed that cooperatives directly export only about 7.5 per cent of the U.S. grain shipped overseas.

Some cooperatives, such as Far-Mar-Co., Inc., based in Hutchinson, Kan., and Farmers Union Grain Terminal Association, St. Paul, Minn., see a potential for developing direct export markets for farmer members but so far have not made a significant dent in the trade dominated by the big

international firms.

Assistant Secretary of Agriculture Richard E. Bell, who oversees international affairs and domestic farm programs in USDA, says the big Soviet grain purchases of recent years have spurred new interest among co-ops for developing their own trade.

In talking with the Newspaper Farm Editors of America here this week, Bell said "a lot of new people" are trying to break into the Russian grain business and that co-op representatives have been among them.

"We have been involved in helping those people meet the right Russians and explain to the Russians about the capability of some of the co-ops," Bell said. "A lot of the co-ops do have a great potential in terms of export movement in that they originate large quantities of grain, but to date they have had only limited success in getting into exports in a big way."

Gay 'Minister' Stirs Arguments

NEW YORK (AP) — Is avowed homosexual Brad Wilson an ordained minister of the Church of God or isn't he? The question has stirred a furor in the relatively small, doctrinally conservative denomination.

Reactions have upset some program proposals, exposed what a Church sociologist terms subconscious "fears" about sexuality, and raised the prospect of actual ouster proceedings.

As for Wilson's status, the answers have at times been varied and obscuring. But after two weeks of checking, officials confirm that he was never legally deposed from the ministry. But some contend his conduct in effect disqualifies him.

"There is no record of formal revoking of his ordination," says the Rev. Dr. Roscoe Snowden, director of Church Services at the denomination's headquarters in Anderson, Ind. "But it doesn't have to be that official. He himself has forfeited his right to be a minister."

"The letter of the law may say he is, but the spirit says he is not," Wilson, 36, of Miami, Fla., says his

ordination was never relinquished, rescinded nor subjected to any Church review proceedings to his knowledge. The hostile reactions, he says, "speak very much of the low spiritual level in the Church. Many seem to forget that Jesus said, 'whomever will may come.'"

"But the hypocrisy goes on."

What touched off the uproar was a three-sentence Associated Press item April 2 reporting Wilson, a "gay" social worker and Church of God minister, headed a new group, Evangelicals Concerned, to minister to homosexuals.

The report was based on a release from the group.

It is the first such group among conservative evangelicals, although such groups formed earlier in larger Protestant bodies and in Roman Catholicism.

A wave of protests by Church of God ministers hit the Anderson offices and some newspapers. Church officials initially replied — and wrote to the AP — that the ordination had been revoked. But subsequent checking found otherwise.

The Rev. Dr. Herschel Caudill, a Middletown, Ohio, pastor says a move will be made officially to depose Wilson at a Church meeting April 30-May 1 in Columbus, Ohio — the state where Wilson was ordained.

Dr. Val Clear, sociology professor at the Church's main educational institution, Anderson College, said the intense reactions to the Wilson situation unwittingly reveal among some people "a psychological questioning of their own sexuality. They're afraid to get close to the problem — afraid at what they might find in themselves."

He says the Church has "fled from the problem rather than integrating it into the ministry and has failed to serve the homosexual community. The Church hasn't helped them." In the past, he adds, the Church similarly refused to minister to alcoholics, considering them "pariahs," but now does so.

Gen. George G. Meade commanded the forces of the victorious Union Army at the battle of Gettysburg from July 1 to 3, 1863.

THAT VITAL SOMETHING

The trust of a child is a beautiful thing. Do you merit it?

Sure, you work hard every day to keep up payments on the nice, modern house where he has a room of his own — with enough toys in it to make two kids happy. You give him the best modern medical and dental care. You even started a special bank account for him — for the years when he will be going to college.

But — haven't you missed something? In your concern for his mental and physical well-being, haven't you overlooked that elusive, vital "something" called the soul?

Remember, man is neither all mind nor all body. He has a spiritual side, too!

Solons Kill DWI Leniency Measure

COLUMBUS, Ohio (AP) — State representatives voted Thursday to kill a controversial bill giving Ohio's judges authority to ease the sentences of convicted drunk drivers.

The vote was 32-59 with 50 required for approval.

Under the measure, by Sen. Donald J. Pease, D-13 Oberlin, judges could have issued certificates to convicted drunk drivers allowing them to use their vehicles to travel to work and back although otherwise under suspension.

R-5 Alan E. Norris, R-27 Rep. Alan E. Norris, R-27 Westerville, assailed the measure as a reversal of Ohio's traditional "get tough" policy, and asserted it was a threat to the safety and well being of Ohio's citizens.

The House rejected arguments by the House sponsor, Rep. Terry Tranter, D-24 Cincinnati, that giving judges the added discretion could mean the difference between a first time offender being able to continue as a breadwinner for a family or losing his job.

Tranter said many judges throughout the state already issue such certificates, and that some had requested the legislation to re-enforce their authority to do so. The bill would apply only to those convicted of drunk driving for the first time. The existing penalty is a mandatory three days in jail and a 30-day license suspension.

Jobless Claims Dip

COLUMBUS, Ohio (AP) — New claims for unemployment compensation decreased 11 per cent last week, while requests for benefits the past month were running about 10,000 a week behind 1975 levels, the Bureau of Employment Services said Thursday.

The bureau said 11,028 workers applied for new claims for the week ending April 24, compared with 12,346 the week before. New claims averaged 14, 224 over the first four weeks of the month compared to 24,350 in 1975.

For the last four weeks, continued regular state and federal claims averaged 126,358 compared to 275,424 a year ago, the bureau said.

The state's unemployment rate at the end of March, the most recent figure available, was 8.2 per cent. At the end of March 1975 unemployment in Ohio had reached 10.1 per cent.

Gay 'Minister' Stirs Arguments

NEW YORK (AP) — Is avowed homosexual Brad Wilson an ordained minister of the Church of God or isn't he? The question has stirred a furor in the relatively small, doctrinally conservative denomination.

Reactions have upset some program proposals, exposed what a Church sociologist terms subconscious "fears" about sexuality, and raised the prospect of actual ouster proceedings.

As for Wilson's status, the answers have at times been varied and obscuring. But after two weeks of checking, officials confirm that he was never legally deposed from the ministry. But some contend his conduct in effect disqualifies him.

"There is no record of formal revoking of his ordination," says the Rev. Dr. Roscoe Snowden, director of Church Services at the denomination's headquarters in Anderson, Ind. "But it doesn't have to be that official. He himself has forfeited his right to be a minister."

"The letter of the law may say he is, but the spirit says he is not," Wilson, 36, of Miami, Fla., says his

ordination was never relinquished, rescinded nor subjected to any Church review proceedings to his knowledge. The hostile reactions, he says, "speak very much of the low spiritual level in the Church. Many seem to forget that Jesus said, 'whomever will may come.'"

"But the hypocrisy goes on."

What touched off the uproar was a three-sentence Associated Press item April 2 reporting Wilson, a "gay" social worker and Church of God minister, headed a new group, Evangelicals Concerned, to minister to homosexuals.

The report was based on a release from the group.

It is the first such group among conservative evangelicals, although such groups formed earlier in larger Protestant bodies and in Roman Catholicism.

A wave of protests by Church of God ministers hit the Anderson offices and some newspapers. Church officials initially replied — and wrote to the AP — that the ordination had been revoked. But subsequent checking found otherwise.

The Rev. Dr. Herschel Caudill, a Middletown, Ohio, pastor says a move will be made officially to depose Wilson at a Church meeting April 30-May 1 in Columbus, Ohio — the state where Wilson was ordained.

Dr. Val Clear, sociology professor at the Church's main educational institution, Anderson College, said the intense reactions to the Wilson situation unwittingly reveal among some people "a psychological questioning of their own sexuality. They're afraid to get close to the problem — afraid at what they might find in themselves."

He says the Church has "fled from the problem rather than integrating it into the ministry and has failed to serve the homosexual community. The Church hasn't helped them." In the past, he adds, the Church similarly refused to minister to alcoholics, considering them "pariahs," but now does so.

Gen. George G. Meade commanded the forces of the victorious Union Army at the battle of Gettysburg from July 1 to 3, 1863.

THAT VITAL SOMETHING

The trust of a child is a beautiful thing. Do you merit it?

Sure, you work hard every day to keep up payments on the nice, modern house where he has a room of his own — with enough toys in it to make two kids happy. You give him the best modern medical and dental care. You even started a special bank account for him — for the years when he will be going to college.

But — haven't you missed something? In your concern for his mental and physical well-being, haven't you overlooked that elusive, vital "something" called the soul?

Remember, man is neither all mind nor all body. He has a spiritual side, too!

Solons Kill DWI Leniency Measure

COLUMBUS, Ohio (AP) — State representatives voted Thursday to kill a controversial bill giving Ohio's judges authority to ease the sentences of convicted drunk drivers.

The vote was 32-59 with 50 required for approval.

Under the measure, by Sen. Donald J. Pease, D-13 Oberlin, judges could have issued certificates to convicted drunk drivers allowing them to use their vehicles to travel to work and back although otherwise under suspension.

R-5 Alan E. Norris, R-27 Rep. Alan E. Norris, R-27 Westerville, assailed the measure as a reversal of Ohio's traditional "get tough" policy, and asserted it was a threat to the safety and well being of Ohio's citizens.

The House rejected arguments by the House sponsor, Rep. Terry Tranter, D-24 Cincinnati, that giving judges the added discretion could mean the difference between a first time offender being able to continue as a breadwinner for a family or losing his job.

Tranter said many judges throughout the state already issue such certificates, and that some had requested the legislation to re-enforce their authority to do so. The bill would apply only to those convicted of drunk driving for the first time. The existing penalty is a mandatory three days in jail and a 30-day license suspension.

For the last four weeks, continued regular state and federal claims averaged 126,358 compared to 275,424 a year ago, the bureau said.

The state's unemployment rate at the end of March, the most recent figure available, was 8.2 per cent. At the end of March 1975 unemployment in Ohio had reached 10.1 per cent.

David, Julie Set Move

NEW YORK (AP) — David Eisenhower and his wife, the former Julie Nixon, are planning to take up residence in Manhattan.

The couple leased a two-bedroom Upper East Side apartment overlooking the East River and are scheduled to move from Washington about May 15.

Eisenhower, the grandson of the late President Dwight D. Eisenhower, is to graduate shortly from the School of Law at Georgetown University. He has had various job offers from law firms here.

He and the daughter of former President Richard M. Nixon were married in 1968. At their new address they will be neighbors of Julie's sister, Tricia, whose husband, Edward Cox, is a lawyer with a New York firm.

The Eisenhowers' new home is in the 34-story Pavilion apartment building, an 850-unit structure with unusually tight security. Two bedroom apartments rent for \$675 to \$850 a month, depending on the floor they are on and the view.

Two low pressure areas are moving towards Ohio, pushing out high pressure which has maintained cool and clear conditions over the last few days.

Tough Bingo Legislation Passed

COLUMBUS, Ohio (AP) — Bingo as a million dollar profitmaking business operating under the guise of charity would be a thing of the past in Ohio under tough legislation forwarded to Gov. James A. Rhodes.

"Bingo!" shouted one lawmaker as the House vote board flickered an 81-12 favorable vote Wednesday on a bill supporters say will protect and regulate bingo for legitimate charitable purposes, while barring casino-style gambling.

Satisfied with the House version of his bill, Sen. Charles L. Butts, D-23 Cleveland, won 30-0 concurrence in the Senate and the measure went to Rhodes.

It was introduced last Jan. 6 in response to voter approval in November of a ballot issue adding bingo to the state lottery as exceptions to the constitutional ban on gambling.

Subsequent debate on the bill opened up a wide-ranging controversy on the relation between gambling and charitable causes in Ohio.

Committee testimony made a believer out of one admittedly indifferent legislator. "We need a strong, tough bingo bill in the state of Ohio," Rep. Richard H. Finan, R-19 Cincinnati, told House members. "I've heard people talk about bingo games that gross millions of dollars."

According to sponsor Butts, the "bingo business" in Cleveland alone grosses \$12 million a year. Although the bingo promoters supposedly turn a percentage of profits over to charity, there is no regulation.

The bill would require all bingo operators to be licensed annually by Ohio's attorney general and only those that are tax exempt under the federal Internal Revenue Service code would

be eligible.

House sponsor C.J. McLin, D-36 Dayton, lost an amendment that would have broadened language designating the charitable purposes to which bingo proceeds may be donated.

McLin wanted to delete the federal tax exemption, but specify that bingo money could only go to religious, scientific, educational, poverty or elderly organizations, or other "conditions of public concern."

"If you look at the language, it is very, very vague," argued Judiciary Chairman Harry J. Lehman, D-16 Shaker Heights. "I think it would open up a Pandora's Box as to where the money will go." The amendment went down, 83-10.

Here are key provisions of the bill as it headed for Rhodes' desk:

—Bingo games by charitable groups could be held only twice a week, with a reasonable amount deducted from gross profits for overhead, and a maximum total of \$3,500 paid in prizes at any single bingo session.

—Volunteers must be used to run bingo games and the events must be conducted on the organization's premises or at a site rented from another charitable group.

—Prize money would be limited to a total \$3,500 at any single game.

—Church and educational festival or bazaars, offering games of chance, would be limited to twice a year, for not more than four consecutive days each. Slot machines, craps and roulette, played for money, would be banned at these events, although the latter would be played with nonmoney prizes.

—Bingo without a license would be punishable or failure to use gross receipts from games as mandated by the bill could bring 1 to 10 years in jail and a \$5,000 fine.

Hatch Act Veto Sustained By House

WASHINGTON (AP) — Supporters of a vetoed bill that would have allowed federal employees to participate in political campaigns say they will wait until next year before introducing the measure again.

"We have no intention of trying to revive it again in this session of Congress," said Rep. William L. Clay, D-Mo., after the House failed on Thursday to override President Ford's veto of the bill.

The unsuccessful legislation, aimed at revising the Hatch Act, would have opened the way for the nation's 2.8 million federal government workers to get involved in political campaigns and to run for political office themselves.

"An effort will be made next year to revise the Hatch Act," said Clay. "And if we have a Democratic president I feel confident it will be successful."

He said initial passage of the bill this year proved that the Hatch Act is not untouchable.

"For 35 years, most members of Congress were reluctant to even amend the act," he said. "The situation now is quite clear that there is a great need for revisions and a strong amount of support for extending political rights to federal employees."

The vote sustaining Ford's rejection was 243 to 160, or 26 votes short of the two-thirds needed to override.

In his veto message, he said "the public business of our government must be conducted without the taint of partisan politics."

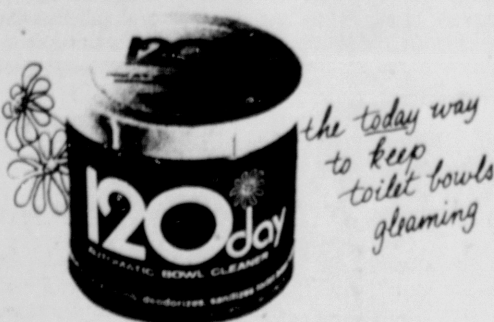

The Hatch Act, passed in 1939 to take partisan politics out of Civil Service, forbids federal workers from organizing fund-raising drives or otherwise assisting persons running for political office.

The vetoed bill would have let federal employees seek local, state or federal office under any party label or campaign for somebody else.

But it would have kept them from campaigning during office hours, in the building where they worked or while in uniform. It also would have prohibited federal office supervisors

or others with official powers from coercing employees into political activities.

Prohibitions against political activities would have remained for employees who hold sensitive positions in the Justice Department, Internal Revenue Service and the CIA.

At the Easter service at St. Jacobs Church, the following members of the confirmation class were welcomed as members of the church: Teryl Hartman, Tom Hartranft, Beth Ann Hawks, Julie Hinton and Sherry Strous.

In a separate ceremony, the Rite of Adult Confirmation was administered to Mrs. Dave Carpenter, Steve Carpenter, Jeff Reichelderfer, Judy Reichelderfer, and Mrs. Dale Valentine. Dr. Zietlow also administered adult baptism to Jack Hatz.

Guests were Mr. and Mrs. James Pontius, Kingston; Mr. and Mrs. John Gregory; Mr. and Mrs. Roger Clark, Kevin, Kim and Chris; and Mrs. Anna Stevens.

Sunday dinner guests of Mrs. Lenna Turvey were Mr. and Mrs. Richard Turvey and Rebecca, Mr. and Mrs. Maurice Turvey, Danny, Scott and Denise, Ricky Fogler and Mr. and Mrs. David Singleton.

Scouts of Troop 484 extend a "heartily well done" to Troop 343 in scoring a perfect score in the Campsite Inspection, and receiving a Presidential Ribbon in that event.

Mrs. Verne Carter has returned home after having been a medical

patient at Doctors Hospital.

Mr. and Mrs. Ray McJunkin hosted the April meeting of the Kings Helpers Class of the Methodist Church in their home on Sunday evening. For devotions, Mrs. McJunkin read the biblical story of three appearances of Jesus to the disciples, following the resurrection and Lloyd Spung led in prayer.

The president, Lloyd Spung, conducted the business meeting, and reports were given by Betty McJunkin and Mabel Cox.

Members drew for months when they will be host for coming meetings. It was agreed to have the usual Stanley party at the Richard Rhymers in February.

Ruth Hunt gave a Bombeck reading "At Wits End," and Lucia Spangler read "Grandparents Have Many Uses."

Refreshments were served by the McJunkins to the Rev. and Mrs. Raymond Welch, Lloyd and Roanne Spung, Lucia Spangler, George and Bertha O'Hara, Joe and Ella Mae Jenkins, Ruth Hunt, Genevieve Hedges, Anna Stevens, Cleo Good and John and Mabel Cox.

Arbitration On Rubber Issue Slated

CLEVELAND (AP) — A new issue in the deadlocked talks between the striking United Rubber Workers and the Big Four tiremakers of the industry is being submitted to arbitration.

Peter Bommarito, international president of the URW, said that both the union and B.F. Goodrich had agreed to let an arbitrator decide whether three of the struck companies were within their contractual rights when they suspended supplemental unemployment benefits (SUB) to 1,800 union workers laid off before the strike began 10 days ago.

While the Firestone Tire & Rubber Co. and the Goodyear Tire & Rubber Co. also suspended the benefits, Bommarito said the Goodrich decision would set a precedent for the other firms.

"We're pretty sure we may win through arbitration," Bommarito told newsmen after a two-hour negotiating session Thursday that made no progress on the major issues of wage increases and a cost of living adjustment for the 60,000 striking workers. "If we don't win, it will also be an issue at the bargaining table."

Bommarito charged that the industry had cut off the benefits in violation of written agreements "to punish our people and in retaliation for our boycott against Firestone."

John Zimmerman, director of labor relations and one of the chief negotiators for Firestone, said the benefits were suspended on the grounds that "the contract was terminated at midnight April 20 and as a result the payments were suspended across the board."

He stated that business is slowly recovering from one of the worst recessions in history and that by fall, changes could be seen on the local level as capital improvements are being made throughout the country. On Books And Activities At The Library

With the weather playing tricks on us, might as well give up Spring housecleaning and gardening and pick up a good book to read until Mother Nature makes up her mind!

Biography still continues to be one of the most interesting categories in a library. If you haven't tried it yet, this week is a good time to start.

A candid history of a fascinating political leader is the subject of a new biography by James M. Burns. "Edward Kennedy And The Camelot Legacy" is a bold assessment of the complex man who may one day lead the nation.

"Scoundrel Time" by Lillian Hellman is a memoir of the witch-hunting, black-listing years of the 1950's and the author's involvement with them.

Mary Martin's autobiography is appropriately titled "My Heart Belongs" and re-creates the excitement of her life and career.

"Lindbergh" by Leonard Moseley portrays the hero's role as aviation pioneer, husband, father, recluse and expatriate.

Alexander Woolcott has been called an American original. "Smart Aleck" by Howard Teichmann presents the life story of this powerful man of the theater.

"A Book" by Desi Arnaz is the author's story of his rise from poverty to show business success and his marriage to Lucille Ball.

"Son-Rise" by Barry N. Kaufman is the biography of an autistic child and how one set of parents managed to cope with the problem.

Doris Schwerin, an accomplished composer of theater music and a playwright found her way back into the world by watching the pigeons. "Diary Of A Pigeon Watcher" is the story of her journey back.

Englewood Man Wins Ohio Lottery

CLEVELAND (AP) — For Corbett Thacker winning the top prize in the Ohio Lottery's Buckeye 1,000 contest Thursday means more gardening and building of bird houses.

Thacker, 69, of Englewood, will receive \$1,000 a month for life and is guaranteed \$400,000.

"I'm all shook up," said Thacker who retired in 1963 as an attendant at the Veterans Administration Hospital in Dayton. He said he plans a vacation to Hawaii, but mostly the winnings will go to "enlarging his present status." This he said includes his gardening and bird house hobbies.

Ohio Lottery spokesmen said the other winners were: Jerry J. Mahon of Maumee, \$10,000; Kathryn Haley of Brookville, Ky., \$7,500; Charles Worstell of Marysville, \$5,000; Dorothy M. Hudac of North Olmsted, \$4,000; Isom Price of Toledo, \$3,000; Dorothy M. Bennett of Lorain, \$2,000 and Grace M. McClure of Akron, \$1,000.

Dear Abby:

By Abigail Van Buren

Either He's Sick Or The Doctor Is

DEAR ABBY: My husband went to a doctor six years ago, and this doctor gave him a complete physical and told him he needed an operation.

My husband never had the operation, he never went back and he's never felt better in his life.

What do you make of this?

MRS. A.

DEAR MRS. A.: Either your husband didn't need the operation in the first place, or he still needs it.

DEAR ABBY: In reply to OFFENDED, you wrote: "If you have told this person that his language offends you and he makes no effort to clean up his act, you have the right to absent yourself from his company."

Abby, OFFENDED also has the right NOT to listen! In "Freedom of the Press: A Framework of Principle," the late William Ernest Hocking wrote:

"The speaker has no right to compel a hearing; there could be no right of free speech if there were not a corresponding right NOT to listen. It would hardly do to make free speech free and listening compulsory, though that might be the speaker's dream!"

ARTHUR H. PRINCE

DEAR MR. PRINCE: And how does one exercise his right "not to listen" without absenting himself from the company?

For example, if I am enjoying the conversation of a group that is joined by "Foul-mouth," whose language offends me, I can't tune out "Foul mouth" while continuing to listen to the others. If I ask the offender to clean up his act and I'm ignored, I have the choice of leaving the company or putting up with offensive language. Is this fair?

DEAR ABBY: My husband is the world's dullest man. Whenever we go to a friend's home, he goes off by himself and listens to the radio, or else he just sits and talks to the dog!

He never has a thing to say. I try to draw him into the conversation, and he answers with "Yes or No." What does a wife do when she is married to a moron like this?

BORED

DEAR BORED: Who picked the moron? And why?

DEAR ABBY: My daughter is contemplating marriage, and she has asked me why it is necessary to get a license.

She doesn't like the idea of having to get permission from the government in order to be married. And she doesn't know why a pastor or a judge has to perform the ceremony.

She would like her father to pronounce her and her fiance husband and wife.

Young people today question so many things that we just took for granted. How should I explain it to her?

HER MOTHER

DEAR MOTHER: Tell your daughter that a marriage is a legal contract that must meet certain requirements in accordance with the laws of the state.

A license is mandatory. And the ceremony must be performed by someone who has the legal authority to do so. Her father can give her "permission" and also his blessings, but unless he's empowered by the law to perform the ceremony, he can't officiate.

and will gladly help you with your landscaping plans. Just call and we'll be out free of charge!

Willie's Dillies

By A BENCHWARMER

Naturally, consternation is aroused when the star player is out and the call comes to the bench to go out on that field and fill in. But, we'll put your mind to ease by noting the change is only temporary and our star should be back again before long. For Willie and his good wife, Mrs. Kelly, have taken a brief respite for a bit of R and R and will be rarin' to go in a few days.

Robert Ruark once wrote that lazy people make the best fishermen and we're inclined to agree after seeing that some bank fishermen are too lazy to pick up their debris and dispose of it properly.

The beauty of some of our good Pickaway County land and water, and our thoughts as well, tend to turn sour as we think that there are people in our county who maybe just don't care.

Part of good fish management is pollution control and it takes the part of everyone to prevent despoiling of the streams, banks and aesthetically pleasing beauty of Mother Nature.

Pickaway County is blessed in having two state parks — A. W. Marion and Deer Creek, part of the Ohio Canal, and small streams that make for good fishing — try fishing Darby sometime.

The canal looks a lot better thanks to the dedicated efforts of several volunteer groups over the past few years. Incidentally, some nice-sized variety of fish were taken from the tailwaters below Deer Creek dam last weekend.

So, when you take out that rod and reel this spring just remember to take everything back with you. Try to live by this rule: Leave the place in a little better condition than you found it.

Our Fearless Forecast: Freddy Norman will make it four in a row for the Reds; Logan Elm girls will take two at Berne Union; See you at the Deer Creek Dam Days.

Until next time, have a nice day; be a good sport.

TV Nips Marysville, 9-8; Knots Metro League Race

Greg Prince's homerun in the eighth inning powered Teays Valley to a 9-8 win over Marysville.

The loss knocked the Monarchs from sole ownership of first place in the Metro League and turned the loop chase into a three-team race. Hamilton Twp. downed Dublin 4-1 and Franklin Heights topped West Jefferson 5-2 to gain a share of the loop lead with Marysville.

The three teams have 6-2 league marks. Teays Valley jumped to 3-5 in the league and 5-14 in all games.

Prince was a one-man attack for the Vikes, pounding two triples and a single to go with his game-winning hit. Raney Wahnhas had a double, Rusty Rathburn poled two singles, and Mark Messick and Jim Baxter each had hits for TV.

The Vikes opened an early lead with two runs in the first inning and two in the second. Marysville countered with a single run in the second frame and two more in the third to close the gap.

TV extended the lead to 6-3 with two markers in the fifth inning and grabbed a 8-3 lead in the top of the sixth. But the Monarchs rallied for three runs in the bottom of the sixth

and then tied the game with two in the seventh.

Terry Smith started for Teays Valley and was relieved by Eric Graves in the third. Mark Messick came on in the sixth inning and Graves again came on in the seventh to gain the win.

The Vike pitchers fanned two batters, walked 10, and allowed 11 hits.

Thomas started for Marysville and Nichols finished the game from the sixth inning. They fanned 12 batters, walked six, and allowed nine hits.

Teays Valley will host Olentangy Monday in another Metro clash.

Derby Entries Ready To Go

LOUISVILLE (AP) — Like Gene Autry, Braulio Baeza is back in the saddle again. And he'll be aboard odds-on favorite Honest Pleasure Saturday when the band strikes up "My Old Kentucky Home" before the start of the 102nd running of the Kentucky Derby.

There were some anxious hours Thursday when trainer Leroy Jolley erased the name of Baeza from the entry form before signing and entering Honest Pleasure for the first leg of thoroughbred racing's Triple Crown. Eight other 3-year-old colts were named to oppose him.

The Churchill Downs stewards put pressure on Jolley to officially name his rider because pre-Derby betting opens today and they wanted to put the jockey's name in the program. The rules do not require the jockey to be named until 15 minutes before the

race. However, about five hours after Honest Pleasure was entered, track officials announced that Baeza, would ride the big colt who has won nine straight races.

Indications were that Jolley's action was to show Baeza who was the boss. Jolley, 37, son of the late top trainer Moody Jolley, voiced his displeasure at the Panamanian's ride aboard Honest Pleasure in the Blue Grass Stakes last week at Keeneland.

Although Honest Pleasure won the race, Baeza didn't follow Jolley's instructions. The trainer wanted Baeza to use the whip on the colt but the veteran jockey only used a hand-ride in the stretch.

Baeza, who will be riding in his 12th Derby, winning aboard Chateaugay in 1963, was due in Louisville late Thursday night and was not available for comment.

Jolley will be shooting for his second straight Derby win, having saddled Foolish Pleasure last year. Both the 1975 winner and Bert Firestone's Honest Pleasure were sired by What A Pleasure.

Honest Pleasure, winner of four races this year, including the Flamingo, Florida Derby and Blue Grass, was rated a 3-5 early choice. Bold Forbes, whose owner E. Rodriguez Tizol of Puerto Rico is ailing and will not attend the Derby, was rated the second choice at 9-5. Angel Cordero will ride the colt who has posted three consecutive victories this year, including his last start — the Wood Memorial.

Honest Pleasure drew the No. 5 post position while Bold Forbes will go from the No. 2 post.

Elocutionist, the Arkansas Derby winner, was rated the next-best at 12-1 and will start from the No. 3 post. The Gallant Romeo colt, to be ridden by John Lively, has won four of six starts this year for owner E.C. Cashman.

Elmendorf Farm's Play The Red, fourth in the Wood and a winner in only one in five 1976 starts, will go from the No. 8 gate with Jorge Velasquez aboard.

The remainder of the field consisted of: No. 1 Balmak Stable's On The Sly, Greg McCarron aboard, 20-1; No. 7 Entremont Stable's Cojak, Chris McCarron, 20-1; and three 30-1 longshots, No. 6 Jim Irvin's Amato, Larry Melancon; No. 4 Sared Stable's Bidson, Don MacBeth, and No. 9 C.R. Jarrell's Inca Roca, Bill Nemeti. The McCarrons are brothers.

Post time for the Derby is 5:45 p.m., EDT, with ABC carrying the telecast and CBS the broadcast.

Pickerington Clinches Tie In Mid State

Pickerington clinched at least a share of the Mid State League baseball crown Thursday with a 13-4 win over Amanda-Clearcreek.

Earl Sullivan was the winning pitcher for the Tigers, fanning seven, walking five and allowing five hits in his seven inning performance.

For the Aces, Mark Bitler started and went the first three innings. He walked five. Cloyce Hartley finished the game, walking five and fanning three. They allowed a total of 11 hits.

For the Aces, Tom Hinton doubled and singled, Ed Thompson connected for a double, Keith Kelly and Jim Smith both singled.

For Pickerington, Lem Ebricht hit a homerun in the first inning with two runners on base and Wayne Petrie homered with one on in the third inning. Bob Stansberry hit two singles and Griffith two singles.

The Aces have a 13-6 record and stand at 5-4 in the Mid State League. Pickerington has an 8-1 mark in the Mid State.

Amanda Clearcreek travels to Berne Union Wednesday for a non league game and will play Friday at Columbus Hartley in the first tournament game.

No More Brawls, Cleveland Warned

ANAHEIM, Calif. (AP) — Now that the Cleveland Indians have been warned against further retaliation against the Oakland A's, some of the Indians say that the brawl between the two teams may serve as a turning point for the club.

American League President Lee MacPhail warned the Indians and A's not to seek retaliation for an April 25th incident involving a ball thrown by Bert Campanaris of the Athletics. The ball hit Buddy Bell and in the ensuing brawl resulted in an ankle injury to Boog Powell.

ESPERANTO CLASS — Members of the Esperanto class at Circleville High School are, from the left, front row, Ann Titus, Becky Sowers, and Mike Hamilton. In the back row are Dave Uland, Paula Tussing, Dan Smith, Shannon Yunker, Jerry Yeatts, Martine Widmar, Nancy Morgan, and Tom Scherer. Connie Wilson was not pictured.

Students Communicate With International Language

By **KELLY STEELE**
"Esperanto estas tre facila lerni." If you were able to comprehend the preceding sentence — ("Esperanto is very easy to learn"), you now realize how easy the international language, Esperanto, is.

Mrs. Winifred Breegle, Latin mentor of CHS, offers the teaching as part of her advanced Latin study. For the past four years, approximately eight weeks is spent learning to write and speak the language with time also dedicated to reading literature from China, Italy, Germany, Sweden, Great Britain and the USSR.

Whitfield Gets Top Fair Rating

By **JODY LINN**
Arthur Whitfield, a junior at CHS, received a superior rating at the state science fair held April 17 at the Lausche Building on the Ohio State fairgrounds.

To get to the state science fair, Arthur had to first receive a superior or excellent at the district science fair. The scale of ratings at the state level goes from good to superior.

"I do science fairs because I feel you can learn a lot from them, and because I like them," commented Arthur. He has been preparing his project on the electrical breakdown of air as a function of pressure for a year and a half.

He first became interested in his project by his work last year on the effects of humidity on static electricity. This is Arthur's third year with science fairs.

Colorguard Selected

By **GAIL MORRISON**
Colorguard try-outs were held April 22 in the Circleville High School Gymnasium for the 1976-77 school year of the CHS Marching Band.

All the girls were chosen on their ability in marching, executing rifle techniques, and poise.

Those chosen for the auxiliary unit to lead the Tiger Marching Band are Captain Julie Kazmierczak, Kathy Berrigan, Deirdre Costello, Natalie Hancher, Amber Skinner, and Jeanne Schlichter.

The girls will be performing as a colorguard unit and as a rifle team throughout the year.

Judges for the competition were John Dowler and Jim Morgan from Bloom Carroll High School.

At the end of the course an exam is given by the Esperanto League of North America with certificates being awarded to those passing. Mrs. Breegles class of Mike Hamilton, Tom Scherer, Becky Sowers, Ann Titus, Paula Tussing, Dave Uland, Martine Widmar, Connie Wilson, Jerry Yeatts, and Shannon Yunker all passed the exam with Nancy Morgan and Dan Smith passing with honors.

Mrs. Breegle explained that Esperanto is fun because it is simple to learn with only 16 rules in the entire language. She also expounded that it is taught in all foreign countries and that on last year's tour when taken to Italy, some of the students were given a chance to use it. Anyone able to speak Esperanto was seen wearing a small green star on his clothing.

The project of the course is to show that the language is workable and to exchange letters with a group of students and their teacher from

Estonia, Russia. Estonia, with its capital of Tallinn, has been dominated by the USSR since 1942. Mrs. Breegle was given the name of the teacher from Mr. Lewis Cook, who had corresponded with the man previously. She explained that without the use of Esperanto there would be no way of corresponding because of the lack of knowledge of the Russian language.

Pictures were then taken of the Esperanto students, the school, and the various recreational features of CHS and sent to the class of Estonia. Many differences were described by Mrs. Breegle, such as the use of benches in the classrooms instead of individual seats, the complete absence of any recreational facilities, and the running of the school for economy's sake rather than for educational value.

Mrs. Breegle commented, "I think that it is a worthwhile unit because it gives students a personal look at the life of their peers in other countries. I plan to continue it each year as a part of their study."

Guidance Guidelines

The guided learning experience program, formulated three years ago to enable students to supplement their classroom experiences with employment, independent study, a volunteer experiences, will undergo a significant change next year. In order to maintain a desirable relationship between in-school activities and educationally related out-of-school time, a limit of no more than two class periods per day may be utilized for approved employment. While the emphasis of the program among students has been in the area of part-time employment, the program's objectives also encouraged students to investigate independent study opportunities and volunteer work in community agencies.

Juniors interested in taking the Scholastic Aptitude Test or American College Test have received registration materials which must be mailed before deadline dates. Today, April 30, is the penalty deadline for sending SAT registrations, and May 17 is the final deadline for registering for the ACT.

An information program regarding financial aid information is scheduled for Tuesday evening at 7:30 p.m. at the CHS auditorium. All interested parents and students are invited to attend. Scholarships, grants, loans, and work-study programs will be discussed.

We have been notified that eight of our juniors who took the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test in October, 1975, scored in the top five percent of one million who took the test. Each of these high-scoring students is being considered for recognition in the 1977 Merit Program. We will be notified this fall of the names of any of these students who qualify as Semifinalist or Commended students. The students are Joel Baker, Linda

Students Attend Foreign Language Festival, Test

By **LESLIE RIED**

Otterbein College held a foreign language festival April 10. Seven students from Circleville attended the festival and brought the school system recognition.

The students left at 7:30 a.m. with their chaperone, French teacher Mrs. Paula Woodward. The group was kept busy being entertained by a group of Czechoslovakian folk dancers, skits performed by other visiting high school students, and a French movie entitled "Traffic." They also spent some time viewing an exhibition of projects created by students participating in the festival.

Gloria Alvarez received a first place award in the Spanish Declamation Contest for her recitation of two Spanish poems.

An exhibition of projects created by students from CHS French classes of the last two years was awarded a second place prize. Projects included such things as models of the Eiffel Tower and a story book written in French.

Students who attended the festival from Circleville were Rojanne Bowers, Jeff Davies, Lisa Leahy, Kathy Berrigan, Suzanne Herel, Gloria Alvarez, and Dawnel Bergen.

Fisher, Brent Smith, Daniel Smith, Susan Stevenson, Ann Titus, David Uland, and Shannon Yunker.

Dental Assistants face a rosy employment outlook during the next decade. According to the US Department of Labor, thousands of jobs will become available each year. One out of every five dental assistants works part time, making the profession an ideal one for working mothers. Employers prefer applicants who are graduates of post-secondary career training programs, available at vocational and technical schools and community colleges.

Rhodes Gets
Parole Bill

COLUMBUS, Ohio (AP) — Lawmakers have sent Gov. James A. Rhodes a bill that will permit the Adult Parole Authority to provide funding for "halfway houses," which offer lodging and an opportunity for rehabilitation to parolees.

The bill, sponsored by Rep. Michael P. Stinziano, D-30 Columbus, also permits the parole authority to require a parolee to live in a halfway house as a condition for release.

About 45 rehabilitation centers dot the state.

The bill was approved 32-1 by the Senate and forwarded to Rhodes.

"It will encourage the establishment of more halfway houses," Stinziano said.

Under the bill, the parole authority could pay up to 75 per cent of the daily cost of housing and supervising furloughed prisoners.

FOR SATURDAY

ARIES (Mar. 21 to Apr. 20): Avoid those who would try to pry information out of you. A slip of the tongue at the wrong moment could have serious repercussions.

TAURUS (Apr. 21 to May 21): You may have to sacrifice some personal desires for the benefit of others. But, in the long run, it will prove worthwhile.

GEMINI (May 22 to June 21): Personal relationships under excellent influences. Most persons will be highly congenial and you may even be the recipient of an unexpected gift.

CANCER (June 22 to July 23): Some changes in your life indicated. Be receptive: They will be for the better. During the p.m. you could meet someone important to your future.

LEO (July 24 to Aug. 23): You may be asked to do a little extra, to change your plans. If it won't interfere with urgent considerations, be agreeable.

VIRGO (Aug. 24 to Sept. 23): Be prepared for a "touch" from someone you feel rather sorry for, but don't go overboard in giving. Generosity CAN be carried too far.

SCORPIO (Oct. 24 to Nov. 22): A fine day for those who act courageously and who FIND the way to hurdle seemingly impossible obstacles. Not too difficult a task for one born under your Sign!

SAGITTARIUS (Nov. 23 to Dec. 21): Meet as many people as you can now — studying them objectively and listening to all points of view. You will not only enjoy the contacts, but widen your mental horizons considerably.

CAPRICORN (Dec. 22 to Jan. 20): Do not be swayed by your emotions. Objectivity will bring you a clearer view of all situations. Get in some advance planning for next week's activities.

AQUARIUS (Jan. 21 to Feb. 19): Your capacity for recognizing the plights of others can be excellently deployed now. Do all in your power to assuage distress, inspire others to constructive optimism.

PISCES (Feb. 20 to Mar. 20): Look well into proposed suggestions, or you may find yourself involved where you least desire it. Some definite "no" answers will be required.

YOU BORN TODAY are endowed with a high order of intellect, lofty ambitions and unusual versatility. You are also extremely active and this sometimes causes you to scatter your energies; to start projects and leave them incomplete because you lose interest and want to go on to "something else." You have a brilliant wit and could make a great success as a writer or journalist; could also excel in the entertainment field. Other careers open to you: music, painting, medicine, diplomacy, teaching, agriculture, landscape artistry. Lebanese Seeking President

BEIRUT, Lebanon (AP) — Independent members of Lebanon's parliament are looking for a compromise candidate to succeed Christian President Suleiman Frangieh.

Informed sources said the independents fear a prolonged new escalation of the year-old civil war if a deadlock develops between the two leading candidates, Elias Sarkis and Raymond Edde.

Both Sarkis, the governor of the central bank, and Edde, the head of the National Bloc party, are Christians of the Maronite sect, which has dominated Lebanon's politics and economy since independence. But the Syrians and the leaders of the biggest Christian parties support Sarkis, while the militant Moslems of Kamal Jumblatt's leftist alliance favor Edde.

Other announced candidates include Jean Aziz, 59, a former judge and rural leader who kept his Christian town out of the civil war even though it is surrounded by Moslems; millionaire businessman Manuel Younes; and retired Gen. Jamil Lahoud.

The 99-man parliament is scheduled to meet Saturday to begin the presidential election. However, demands that the meeting be postponed increased.

Interior Minister Camille Chamoun, who controls the second largest Christian militia fighting in the civil war, called for a delay until Tuesday. He said the politicians needed more time to consult because the war made communications difficult.

Jumblatt has demanded an indefinite delay, apparently believing that Syrian pressure would swing the election to Sarkis if it is held Saturday.

Reds Beat Detroit In Exhibition

CINCINNATI (AP) — The Cincinnati Reds, behind rookie pitcher Santo Alcala who retired 19 straight hitters after giving up three early runs, Thursday night defeated the Detroit Tigers 4-3 in an exhibition baseball game.

Reserve shortstop Doug Flynn batted in Dan Driessen on a ground out for the winning run in the eighth inning breaking a 3-3 tie.

The Tigers took a 1-0 lead in the first inning on a double by Mickey Stanley and a run scoring single by Rusty Staub.

Detroit went ahead 3-0 in the second inning on a bases loaded single by Dan Meyers scoring Averillo Rodriguez, who doubled, and Chuck Scrivener, who singled. Jerry Manuel walked before Meyers' run scoring hit.

Alcala then retired the next 19 Tiger hitters in a row before he was lifted in the eighth inning for a pinch hitter.

The Reds scored once off Detroit starter Mark Fidrych in the second inning. Tony Perez was hit by a pitch and went to third on a Johnny Bench double and came home on George Foster's sacrifice fly.

Cincinnati tied the score at 3-3 in the sixth inning when Driessen doubled home Joel Youngblood, who had singled. Driessen scored when Foster singled and took second when Fidrych overthrew first base.

Cincinnati tagged the loss on reliever Jim Crawford scoring the winning run in the eighth inning. Driessen walked and took third base on a throwing error by third baseman Scrivener on Foster's grounder. Flynn's groundout brought in the winning run.

The game was played for amateur baseball.

Industrial Nurses Have Wider Duties

CINCINNATI (AP) — The industrial nurse is still available to patch up a cut finger but today she must be involved in the technological changes of her employer to be prepared for almost any eventuality.

The job has changed so much since the turn of the century, the American Association of Industrial Nurses has acknowledged its name.

In January the group will become the American Occupational Health Conference to reflect the industrial involvement of its members.

"The old name didn't seem to take the whole area in anymore," said Mrs. Dorothy Saller, executive director.

"Now we're in the business of keeping healthy people healthy."

She said industrial nurses still deal with accidents but more likely they will be giving flu shots or practicing some form of preventive medicine.

"The variety of my job is what makes it interesting. I've never had two days alike," said Jean Fraser, Pittsburgh, first vice president of the group which drew 900 to its national convention.

"You never know what kinds of things people are going to come in with."

The field is as varied as the businesses it serves.

Mrs. Fraser works in a general office environment in Pittsburgh and admits she faces different problems than would be encountered by a factory nurse.

She checks blood pressures, monitors heart rates and does battle with the office flu that periodically strikes.

In addition, she has to keep up with the technological advances of her company to be prepared for any eventuality.

Mt. Sterling Man Injured In Accident

A Mt. Sterling man was injured in a two-car accident 1:31 p.m. Thursday on Route 62 at the entrance to the Point Inn parking lot, according to Pickaway County Sheriff's Deputies.

Jack Beekman, 27, 37 S. London St., Mt. Sterling, was treated at Doctor's West Hospital, Columbus for injuries to his right arm, leg, shoulder, and neck and released.

Deputy Sheriff F. R. McCoy said Beekman was driving south on Route 62 when his car collided with a north-bound vehicle driven by Wilma J. Stone, 40, Route 1, Bloomingburg.

Ms. Stone, driving north, was following a truck owned by the Sanfillipo Brothers and apparently failed to notice that the truck had activated signals to make a left turn. When Ms. Stone applied her brakes to avoid a collision with the truck, she apparently went left of center and hit the Beekman car, Deputy McCoy said.

She was charged with driving left of center.

Auxiliary Deputy Ray Ratcliff and Ohio State Highway Patrolman Fred Summers assisted Deputy McCoy control traffic at the accident scene.

Marines Remember Final Vietnam Days

CINCINNATI (AP) — Several of the Saigon U.S. Embassy Marine guards are stationed together in North Carolina and still talk about the final days before the South Vietnamese fell a year ago today.

"I'm never going to forget about it," said U.S. Marine Sgt. Tim Creighton, 21, Bethel, Ohio, in a telephone interview from New River Air Station, Jacksonville, N.C.

"I lost of couple of buddies, and I'm never going to forget about it." He was among the last to be evacuated by helicopter from the roof of the embassy as the city was about to fall.

He said several Saigon embassy veterans are stationed there.

"We get together all the time and get letters from the others across the country," Creighton said. "We talk

about it all the time—the times we had, how it was over there.

"We hated to leave like that. After we were in there so many years, it was bad to give up the country as easily as we did."

He said his views haven't changed much since the day the helicopters landed on the Saigon embassy roof.

"It seemed like all the years we were over there were for nothing," he said.

"All the lives lost, all the men."

After that he was assigned to

Clement L. Vallandigham, leader of Ohio Democrats, accused as a traitor for his opposition to the Civil War and exiled to the South by President Lincoln, later to run for governor of Ohio, died in a hotel room in Lebanon in 1866 in the accidental discharge of a pistol.

Stockholm, Sweden, for six months, then to the air station.

"It was beautiful. I hated to leave there. The people were very nice. The duty was way different than it was in Saigon," he said.

Creighton has been in the Marines

since he was 17 and has not made up his mind whether he will leave the service in a couple of months after serving five years.

Creighton said he is studying to be a policeman and wants to return to his home in Ohio.
